

## Dugdale PVC compounds

Dugdale has a complete range of PVC compounds, with special grades for:

- extrusion
- injection moulding
- blow moulding

Dugdale can supply their PVC compounds in pellets (granules) or as a dry blend (powder)

The Dugdale productrange looks as follows:

- Flexible PVC compounds
- Foam PVC compounds
- Intumescent PVC compounds
- NTC negative temperature coefficient PVC compounds
- Purge PVC compounds
- PVC gasket compounds
- PVC Nitrile PVC compounds
- Record PVC compounds
- Rigid PVC compounds

Dugdale is selling their compounds in various colours:

- Clear (crystal clear, yellowish or blueish)
- Natural
- Black
- White
- in fact any colour you want: the colour-specialists match the right colour for you!

Dugdale can add special additives to get special properties for you, like:

- anti-bacterial
- anti-static
- uv-stabilisation
- etcetera

The Dugdale PVC compounds can meet special requirements, like:

- F&DA approval
- ROHS compliant
- NF-qualification
- DIN norms

We do everything to meet all your requirements! Please let us have your inquiry.
