

## Linvest – Direct ECO Dyestuffs

Range of direct dyes for dyeing of cellulosic fibres like cotton, flax, viscose rayon, acetate & jute.  
 Most of these dyes are also suitable for dyeing paper.

This special range of high quality dyes can be supplied with an ECO-TEX-certification.  
 These dyes:

- do NOT contain heavy metals as integral component of the chromophore
- do NOT contain impurities more than admissible ETAD-values
- do NOT contain organically bound halogens (without F), which can lead to creation of AOX
- do NOT contain substances listed in EEC Commission regulation 552/2009 (amending Regulations (EC) No 1907/2006, Annex XVII (restricted substances))
- do NOT contain substances of 'Candidate List of Substances of Very High Concern for authorisation'
- do NOT contain Formaldehyde
- do meet the ÖKO-Tex Standard 100
- do NOT relate to the German consumer goods ordinance (Release of MAK amines through cleavage of azogroups)
