

Linvest - Paper Dyestuffs

Besides the complete range of Colour Index numbers for direct, acid & basic dyestuffs as a powder and as liquid, Linvest GmbH can supply you individual shades which will be developed for you based on a samples you provide.

The solid dye content of our Linvest Liquid Paper Dyestuffs varies per product, mainly from 30 to 50%. Our range of products for the paper industry contain also optical brighteners.
